# TRACK RECORD TO BE BROKEN

### Several Horsemen so Predict of Race Meet

## THE ENTRY LIST FILLED

### Local Driving Park a Busy Place Monday Because of Preparations for Opening of Meet Tuesday—175 Horses Here.

With favorable weather there are several of the horsemen at the Driving park this week who declare they are confident of being able to break the track record with their steeds. Last year The Mystery, driven by Eddie Haywood, lowered the record from 2:10½ to 2:10¼ on the last day of the meet. There are already about 175 horses on the grounds, and every event has filled the entry list, so that there will be no blanks on the cards for any of the days.

The park Monday morning was a busy place, horsemen being busily engaged in working out their horses and putting equipment in good shape for the events of the week. Two horseshoers established tents on the grounds so that work in that line could be attended to without the necessity of leaving the ground. Refreshment tents were being placed, the grandstand put in shape for the crowds on Tuesday, and everybody was hustling.

Among the horses from this part of the country, there were but few from Salem, the list including Blackbird, driven by Eddie Haywood; Mark Hanna, owned by E. G. Votaw; Nettie Marie by David Fogg, and William M, by Eddie Haywood. J. B. Pearce of Damascus has his Pearl Dillard entered. Among the others were: Billy Wonder, owned by Bart Stocker, Alliance; Jim McG, Barney McGovern, Lisbon; Susan K., George Hurford, Alliance; Eninora Mack, J. E. McMillan, East Palestine; Rhounis, C. A. Smith, East Liverpool; Bleutonian, J. H. McCord, Wellsville; Joe Buck, Sam Lutz, Alliance; Minnie Omer, George Hurford, Alliance; Billy Shawke, C. W. Shawke, Lisbon.

Among the horses not already known here are many from other circuits, most of them having good marks, which will insure fast racing in the various events. This new blood in the sport in this circuit promises to make the winning of the several events the occasion of the keenest competition, so much so that there will be no "sure thing" in connection with the races before they are run off. Excellent music is being arranged for, and nothing but a streak of stormy weather, apparently, can prevent the most successful meet held here in the history of the Salem track.

The interest evinced elsewhere by those who care for horse racing assures a large attendance from out of the city, more so in proportion than has ever been known. Lisbon especially is interested in the racing game, and with the easy transportation over the Y. & O. R. from that and other places, will augment the out-of-town crowds.

The program for the meet is as follows:

Tuesday, August 11—2:30 trot, 2:30 pace and 2:17 pace.

Wednesday, August 12—2:13 pace, 2:23 trot, 2:19 pace and 2:12 pace.

Thursday, August 13—2:15 pace, 2:18 trot, 2:20 trot and 2:10 pace.

Friday, August 14—2:15 trot, 2:22 pace and free-for-all pace.

## HORSES TOOK FRIGHT AT AUTO; WOMAN INJURED

Harry Mellinger and family met with an accident Saturday evening while returning from the Reeder family reunion, which was held south of Kensington. Mr. Mellinger's team became frightened at the lights on Bert Lamborn's automobile, upset the spring wagon in which they were riding and all but ran away. Mrs. Mellinger was badly bruised, the conveyance turning completely over a culvert when the horse plunged to the side of the road.

# HOME FROM EGYPT; WILL GO TO JAPAN

At the regular quarterly business meeting of the Society of Friends, held at the Sixth street meeting house Saturday, Esther Fowler of Winona, a minister in the society, was given the sanction of the meeting to go to Japan for religious service, to which she feels called. It will be necessary for the matter to be passed on by the yearly meeting, which will be held near Barnesville the latter part of September. If permission is granted by that body, the visit will likely be made the coming winter.

Esther Fowler some years ago was liberated by the yearly meeting to go to Egypt for religious work, and, accompanied by her husband, John Fowler, spent several months in Egypt, where they were instrumental in founding an orphan for Egyptian children.

# SUING FOR RIGHT TO CROSS HIGHWAYS

Lisbon, Aug. 10.—The Y. & O. R. railroad has filed a petition in common pleas court, asking the right to establish crossings at the following five points along that line's proposed right-of-way to East Liverpool: Crossing No. 1, on the road from Wellsville to Cannons Mills; crossing No. 2, on the road from Lisbon to East Liverpool, at the farm of Evan McPherson; crossing No. 3, on Cannons Mill road, between the farm of John Hainsley and John Martin; crossing No. 4, on the Cannons Mill road, through the farm of Mrs. Mariah Gaston; crossing No. 5, on the highway through the farm of J. Willis Gaston.

The county commissioners are named as defendants in the petition which was filed this morning.

## NEW PITCHER WILL BE USED AGAINST SEBRING

For the third time this season Salem will play the Sebring nine on Wednesday at the pottery town. The teams will play off the tie that now exists between them Sebring having won from Salem on their own grounds, while the locals took the second game played in this city.

As Phelan has been worked steadily for a few weeks past, the local management is now looking about for another twirler, who will be used in the game against Sebring, thus allowing the local standby to rest up. Several players of good material are in view and President Smith is in communication with twirlers from Cleveland, but Monday no arrangements had been made. It is the intention of the Salem team to take their old rivals by storm, and they are preparing for the onslaught.

W. C. Scott of Wilkinsburg, Pa., and W. H. Harris of Pittsburg spent Sunday with relatives and friends in this city.

# JEWELRY, RENOUNCED AT CAMP MEETING, IS PLACED ON SALE

Alliance, Aug. 10.—The jewelry offered upon the altar of renunciation at the Lupton campmeeting is on sale at the Household Supply Co. store in Alliance. It was placed there for sale by Mr. Lupton, and the trinkets are likely to be gathered up as couvenirs by those who desire keepsakes of the peculiar sect that gathers at the Missionary home.

The jewelry consists of bracelets, necklaces, watch fobs, charms, breastpins, etc., and is principally plated goods, but of good quality. It is presumed that the better class of jewelry was disposed of before the lot was turned over to these dealers. The display is an interesting one.

This jewelry was given in the collections after sermons had been preached against the wearing of jewelry and costly apparel. Many who had been worked up to a frenzy of fear and apprehension threw their ornaments into the hat when it was passed around. The better part of the jewelry went directly to the jewelers, who paid for it according to the pure metal basis, but the plated stuff was not wanted by them.

The question naturally arises whether money secured from ungodly apparel and ornaments would not come under the head of "tainted."

# ARTIST OF NOTE TO EXHIBIT HERE

### John M. Jehu and Wife Visit Old Home

## REARED AT TEEGARDEN

### Temporary Studio Fitted Up on His Father's Farm, Where He and Mrs. Jehu Are Working on Paintings and Statuary.

Although few people of this city are aware of the fact that Salem is the native town of one of the most prominent sculptors and painters in this and foreign countries, all are justly proud to recognize in the person of John Jehu a man of many accomplishment who has risen from his boyhood life on a farm to a position of prominence in art.

The son of Murdoch Jehu, an influential farmer and retired stonemason, John M. Jehu was reared among the hills south of town, in the Highland district, where he early prepared himself for the studies which he afterward pursued. After studying in the best art schools in this country and Europe, where he acquired fame for his work, he returned to New York, where he has set up a studio. During his studies in foreign countries Mr. Jehu took unto himself a life companion, also a painter of ability, and in company with her he returned to his early home to spend the summer months this year.

At the home of his parents near Teegarden, Mr. Jehu has built a temporary studio, where he has been studying and working during his vacation. He has used this summer's study at home preparing to let his native town know something of his work as a sculptor and painter, and on next Thursday will open an exhibit of his productions, as well as those of his wife, in this city. It has not been possible for Mr .and Mrs. Jehu to bring all of their works home from their studio in New York city, but many of them will be on display at their exhibit.

John M. Jehu began his career in art as a student in the art department of Mt. Union college, Alliance. His studies there made him eager for higher culture, and he soon became aware of the fact that to have the best of training he must continue his studies in better schools.

From Mt. Union college he went to the Cincinnati Art Academy, where he attended for five winters, receiving $500 in prizes there. Immediately following his course there Mr. Jehu went to St. Louis where he, with many other sculptors, was commissioned to execute a multitude of figures for the Expositioin. There he became acquainted with the art of this country and many sculptors personally.

At the close of the Exposition he returned to his home south of the city, and after a brief stay started for Europe, spending several weeks in New York. In England he visited the principal museums with their wonderful collections of old masters. In France Mr. Jehu completed his academic course under John Paul Lawrens, in whose Ateliers he received many honorable mentions; and Injelbert, under whose instructorship he received the first prize given to an American student in the past ten years in the Academie Nationale des Beaux Arts.

At the Clarossi academy he received two medals, and studied the masterpieces of Rodin. In Italy he later studied and enjoyed the marvelous works of the greatest of all genii, Michael Aneglo. The works of Dontello and others inspired him. In Germany and Holland he studied the best mediums, containing the old renowned masterpieces of the Flemish, Dutch and German masters.

Mr. Jehu returned to his native land in 1906 and settled in New York city, having had the privilege of exhibting in all the leading galleries of that city, and since starting his studio there has executed many portraits of ladies of society and men of prominence.

Of great assistance to him in works of art is his wife, whom he married in Europe. She has studied painting in Germany, in Dusseldorf under Prof. Spatz, in Munich under Prof. Angelo Jank and in Paris under the greatest portraitists of France, Lucien Simon

# BALLOON RACE FROM CANTON SEPT. 7

### Ohio and Sky Pilot to Start Labor Day in First Race Under Auspices of Aero Club of Ohio

### Splendid Ascension and Flight by Messrs Morgan and Wade Made Saturday

Canton, Aug. 10.—After sailing through the clouds for more than five hours and thirty minutes, the big balloon, Sky Pilot, completed its voyage Saturday without accident, landing its passengers, J. H. Wade, Jr., A. H. Morgan and Walter J. Monroe of Cleveland, in a cornfield two miles south of Stillwell, Harrison county, concluding an air trip of about 55 miles. The descent was made shortly after 6 o'clock because of darkness, the basket being dragged some distance over a hilly field before the aeronauts could alight.

Within a half hour after the landing a pursuing automobile containing C. M. Logan of Clevenand and John P. Smip of Canton reached them. In consequence Mr. Logan will become the possessor of the Dougherty silver trophy cup for the auto first overtaking the balloonists.

Arrangements were made by Messrs. Wade and Morgan, owners of the balloon, for its conveyance to Tippecanoe for shipment back here.

An automobile carried the trio to Uhrichsville, from which point they returned to Canton by trolley .

After leaving Canton the balloon took a southeasterly direction, crossing Carroll county. It reached an elevation of 5,000 feet.

The ascension made the seventh nuder the auspices of the Aero Club of Ohio. The ascension at 12:30 'clock Saturday afternoon was one of the prettiest in the annals of the club. The wind was blowing in a southerly direction, and took the aeronauts high in the air. Morgan acted as pilot, having made four other flights.

The men were greatly assisted in their preparatioins for the flight by Dr. H. W. Thompson, a practical aeronaut of Salem.

One untoward event marred the preliminary work. Wade, while inspecting the interior of the gas bag before its inflation was slightly overcome by gas .

Just before the ascension it was announced that two flights would be made in Canton Labor day. Wade and Morgan will sail in the Sky Pilot and Louis H. Brush, D. H. W. Thompson and Dr. W. D. Sigler of Salem in the Ohio. The two balloons will start simultaneously on an aerial race.

Announcement was made that on Saturday, August 22, Messrs. Wade and Morgan of Cleveland will make another flight in their balloon, the Sky Pilot, from the Aero club's grounds in Canton.

# FLAGSTAFF, USED IN MANY CAMPAIGNS, AT OPENING

H. C. Stout of Alliance has in his possession a flagstaff 66 feet long which, it has been suggested, should be brought out and used in the coming presidential campaign. The pole is of cucumber, and was cut in 1862. It is arranged in sections and mounted on a wagon built as a base. Four men can raise the pole to its full height. At present the pole is located at a farm four miles north of Salem.

Saturday Mr. Stout stated that many notable personages had stood upon the movable platform that forms the base of the pole, and given addresses. The outfit was last used in Salem in 1872. Among the persons who have given addresses under the Stars and Stripes as they waved from the tall mast were John A. Logan, Governor David Tod, General U. S. Grant, Governor John Brough, James G. Blaine and others. Among the places at which the pole was exhibited were Canfield, Youngstown, Lisbon and Alliance. The pole was secured near Columbiana, and a flag 45 feet long, and made at the latter village, was floated from the pole.

Arrangements may be made, if the committee desires it, to take the pole to Youngstown at the coming campaign opening.

# EASY VICTORY IN A LISTLESS GAME

The game Satruday between the East Liverpool Athletics and the local nine was a nice, easy proposition for the home team, and quite a different game from the ones put up in former years by the visiting club. Salem checked up a score of 8-12-2 as against the pottery town's 3-4-3; in fact, the baseball atmosphere seemed to be suffering a relapse after the strenuous times at the park on Friday.

Salem had the regular lineup, with Steverding on second and Brimlow at third, the East Liverpool roll being: Gilson, 3d; Ivores, rf; Williams, 1st; Heckathorn, c; Witherow, 2d; Bennett, lf; Broome, mf; Daly, ss, with Winters in the box . Phelan and Meek were Salem's battery.

East Liverpool failed to score until the fourth inning, when Wilson and Williams got around, and in the fifth Daly scored, Fageley dozing at first and passing him to second. Besides these two hits and runs in the fourth and a hit and one run in the fifth and one hit in the eighth, the visitors did nothing but try, try again, Browne, Daly and Winters fanning in succession in the seventh.

There was an absence of critical situations, Faulkner getting hands on his two-base hit in the fourth and on a one-handed catch of Williams's fly in the eighth, and Meek knocking a three-bagger in the eighth that brought in Brimlow.

| Score by innings: | | R. | H. | E. |
|---|---|---|---|---|
| Salem ...... | 3 0 1 0 0 3 0 1— | 8 | 12 | 2 |
| East L...... | 0 0 0 2 1 0 0 0— | 3 | 4 | 3 |

### Stable Boy a Pianist.

Amott Hayes, a young colored man of Kansas City, Mo., who is with C. H. Merrill, a prominent horseman of Baltimore having horses entered in the races this week, is a pianist of unusual ability, and strangely enough does not play rag time airs, confining his efforts to more sober music. His playing at Kiser's music store on Monday attracted a great deal of attention.

K. L. Cobourn and wife spent Sunday in East Rochester.

# ANOTHER COMPANY TO ERECT FIRE ESCAPES

Owing to the Columbia Wire and Iron Co. of Canton failing to make good and sign the contract for placing the new fire escapes on the local school buildings, after the board of education had awarded it the work, the contract was placed Monday with the Republic Structural Iron Co. of Cleveland, which was among the formerly unsuccessful bidders. The price for doing this work is to be $1,900, and the company guarantees to have it all done by September 19.

The action of the Canton firm has caused a loss of two weeks in making the changes specified by the state inspector, but if the Cleveland company gets the work done on or before the above date, there will be no further delay in the opening of the schools.

## IMPRESSIVE RITES AT THE FOUNTAIN FUNERAL

The funeral of J. D. Fountain was held Sunday afternoon at 2 p. m. from the Methodist church. The members of Trescott post No. 10, G. A. R., accompanied by a detachment from Co. B, Sons of Veterans Reserves, who acted as guard of honor, escorted the remains from the home on McKinley avenue to the church, where in lieu of a regular sermon Judge W. W. Hole delivered an impressive eulogy on the life of the deceased veteran, who had filled many positions of trust and numerous elective offices during his life, which from an early age was spent in Salem.

Dr. J. M. Carr of Damascus delivered the invocation, and the cortege of over 80 veterans and an armed escort, with the friends and relatives, proceeded to Hope cemetery, where interment was made. The G. A. R. burial services were held at the grave, followed by the customary salute of three volleys over the grave by the guard of the Sons of Veterans. The attendance was larger than that at any funeral of recent years.

## STRIKE-BREAKERS' TRIAL WEDNESDAY

The hearing of the four strike-breakers who were arrested on the flats Friday night and which was to have been held Saturday night at 7 p. m., was postponed by Mayor Carlile until Wednesday morning at 9 o'clock at the request of the defendants' attorneys. Mr. Carey reached Salem Saturday evening about 5 o'clock and asked for time to familiarize himself with the case, and as he would be out of town on Monday and Tuesday asked for the trial to be set Wednesday.

Illinois passed through a new primary law test Saturday that was and will be watched with interest by voters in Ohio. On that day both the Republican and Democratic primaries were held throughout the state under supervicion of legally constituted officials, and nominations were made not only for the state officers but a candidate for United States senator was also endorsed by each party, thus practically electing the senator by popular ballot. The only obection to the new innovation heard thus far seems to be the slowness with which the returns were received. But it is not expected that this will be true after a year or two, when the machinery of the new system is working smoothly. The new plan may not meet with the hearty approval of the old-time professional politician. It probably does not. But as it puts up to the people of each party the responsibility of selecting their own candidates, much less opportunity for chicanery and wire pulling is given.

---

The announcement of Walter Wellman, that he will make another attempt to reach the north pole by airship is of interest in this vicinity for several reasons. They are: Because Wellman visited Salem during the preparation for one of his earlier trips; because an increasing interest is being taken in aeronautics in this region, and because Mrs. Wellman, the wife of the distinguished newspaper correspondent, is a former Columbiana county girl, having been born at Hanoverton.

---

The Pittsburg Dispatch, which has never lost its admiration for Senator Foraker's fighting qualities, says: "Nevertheless and notwithstanding, the slating of new Ohio Republicans for the senatorship to succeed Foraker has an atmosphere about it that recalls the classical sale of the lion's skin while the royal beast was still at liberty."

---

Harriman, the great railway magnate, admits that the Amercan farmer has saved the day for American prosperity and that owing to his energy and good management good times are returning. That ought to constitute rather convincing evidence of the great importance of agriculture.

---

Boston has just discovered that her public school buildings cost several hundred per cent more than the original estimates. Possibly it was the fear of something like that which influenced Columbiana county voters when the proposition to build a new jail was up last fall.

---

The most favorable indication for Harry Thaw yet noticed is his approach toward total bankruptcy. Had this condition been his lot several years ago, he would probably now be working hard at some respectable job and would be far happier and contended than he now is.

---

Colonel Bryan is to give a dinner to the notification committee which will visit him Wednesday at Fairview. Which is further evidence that Editor T. S. Arnold of Leetonia, who is on the committee, "got in" about right at the Denver convention last month.

---

"Can Mr. Bryan do the Democratic party any good?" is the question asked by the Charleston News, to which the Omaha Bee replies: "Oh, yes. Under Mr. Bryan's leadership the Democratic party has already been done good."

According to a neighboring newspaper, Findlay, O., boasts of a cow which barks like a dog. The truth probably is that Findlay has a newspaper correspondent who lies like a street fakir.

# P. O. INSPECTOR GOES OVER THE Y. & S. ROUTE

Youngstown, Aug. 8.—A postoffice inspector from Washington arrived in this city to again attempt to have mail carried to and from North Lima, Columbiana, Leetonia, Salem and Lisbon via. the Youngstown & Southern.

The plan of a morning and evening train from this city to the towns on the Youngstown & Southern, with two mails each day to arrive here from the above points, has been fully investigated. The inspector held a conference with Secretary David Tod of the Youngstown & Southern, after which he started on a trip to the towns interested. He will report to the second assistant postmaster general.

Since the abandonment of the two daily trains on the Niles and Lisbon branch of the Erie, mail from this city to Columbiana was held for the one train over the above branch, or dispatched via Alliance and Washingtonville, or via Pittsburg over the "Star Route" to Columbiana, either course necessitating from 5 to 14 hours. If the plan to have the mail carried over the Youngstown & Southern is consummated the trip will be made in excellent time.

# AUTO IS DITCHED; TWO MEN KILLED

## A CATHOLIC PRIEST AND HIS FRIEND MEET FATAL ACCIDENT.

## MACHINE TURNED TURTLE.

### Two Women and a Doctor Who Were in the Party Escaped Injury—Priest was Prominent in Cleveland Diocese.

Toledo, Aug. 10.—When an automobile plunged over a steep embankment on the Mitchaw road two and a half miles west of Sylvania, O., Sunday afternoon, Charles W. Pohlman, a wealthy Cleveland importer and merchant tailor, and Father George J. Vahey, pastor of St. Columbkill's church, Cleveland, were instantly killed beneath the car. Mrs. Charles W. Pohlman, her daughter Florence and F. C. Dietzel, a Cleveland dentist, were in the touring car, but were saved from injury by the high back of the tonneau.

The automobile landed at the bottom of the embankment bottom-side up. The priest's head was crushed between the edge of the car and a huge stone. Mr. Pohlman, who was driving the machine, was entangled in the steering gear, the wheel crushing into his chest. Death came to Father Vahey instantly and Mr. Pohlman lived less than a minute. Pohlman's neck was probably broken and his chest crushed.

F. C. Dietzel struggled from under the tonneau, assisted the women out and then examined the bodies of the two men in the front of the car. Realizing the men were dead the dentist seated the women on the bank and ran half a mile to the home of Stephen Eley, where he found four or five men who were willing to return to the wreck with him. In the meantime Miss Pohlman had fainted and she was carried to the Eley farmhouse and doctors summoned from Sylvania. Mrs. Pohlman refused to leave the scene until the dead body of her husband was released from the wreck.

The party left Cleveland at 3 o'clock Saturday afternoon and spent the night in Fremont. They arrived in Toledo at 10 a. m. Sunday.

The scene of the accident was at the Eley bridge across Ten Mile creek, two and a half miles west of Sylvania. About 20 feet west of the bridge is a deep hole in the middle of the road, stretching nearly across it. The hole was full of water, and, just after crossing the bridge Mr. Pohlman guided his machine over to the left side of the road to avoid the hole. The sides of the embankment at that point are thickly lined with shrubbery and small trees and the party did not realize that they concealed a steep bank.

The front wheels of the machine went over the edge of the embankment just as the rear wheel struck the edge of the hole in the road. The jumping of the rear wheels in the hole tossed the machine over the embankment.

Father Vahey was ordained a priest in 1887 and came to Cleveland as assistant pastor of St. John's cathedral. Later he became pastor of the same cathedral. He has had charge of his present parish ten years.

The automobile trip which resulted in the death of Father Vahey and Pohlman was planned by Pohlman. Father Vahey was invited to accompany the party, together with Dr. Dietzel. The Pohlmans were members of Father Vahey's parish.

The trip, as planned by Pohlman, was to have taken the party to Detroit, across to Canada and east to Toronto. They expected to spend a few days at the latter place. The return was to have been by way of Niagara Falls and Buffalo.

# SEPTIC TANKS IN USE IN MANY OHIO CITIES

Columbus, Aug. 8.—The list of Ohio cities alone that may be liable for infringement damages and royalty payments for use of the septic tank process of sewage purification includes 35 municipalities. They are Mansfield, Canton, Kent, Lakewood, Columbus, Cleveland, South Cleveland, Kenton, Westerville, Medina, London, Delaware, St. Marys, Lockland, Norwalk, Orrville, Wadsworth, Urbana, New Philadelphia, Galion, Scio, Ravenna, Warren, Xenia, Grandview, Girard, Hartwell, Niles, Cuyahoga Falls and Eaton. Not all of those municipalities have already installed the system, but those that have not done so have adopted plans for the same and done more or less work along the line. Saratoga, N. Y., tried to fight the claim of the Septic Tank Co. by proving that the process was not a patentable thing, but the U. S. circuit court of appeals has decided that it is. Saratoga is now practically without a defense, having admitted practically all the rest of its answer. The company is asking $40,000 from Columbus. The plant here is just approaching completion.

# PROBATE COURT

Lisbon, Aug. 8.—The resignation of I. G. Tolerton as administrator of the estate of Frances Ann Phillips, late of Salem, having been accepted by the probate court, letters of administration were issued to J. C. Boone, who gave bond in the sum of $30,000, with the Fidelity and Deposit Co. of Maryland as surety.

The last will of Elizabeth Scott, late of Middleton township, was filed in probate court yesterday, and a searing set for August 24. In the will Mrs. Scott left all of her property, both real and personal, and all of the monies due her, to her son, Benjamin S. Scott.

The will of John Shaw, late of Center township, was admitted to probate yesterday, the deposition of all the subscribing witnesses having been heard.

### Chicken Thieves Numerous.

Lisbon, Aug. 8.—Lisbon people living in the east end of town are oiling up their old flint locks and shooting irons in the hope of winging some of the chicken thieves that have been operating here for the past few weeks.

Clark Billingsley was the last victim of a visit from the chicken thieves and as a result several of his fine young springers have disappeared as well as a number of older fowls. There is a strong suspicion prevalent as to who the guilty parties are and it will probably go hard with anyone caught in this act.

Don't use harsh physics. The reaction weakens the bowels, leads to chronic constipation. Get Doan's Regulets. They operate easily, tone the stomach, cure constipation.

## O. N. G. MEN ENGAGED IN A SHAM BATTLE

The members of Company K, Eighth infantry, Ohio National Guard of Alliance, marched to Rockhill park Saturday evening, where a sham battle and skirmish drill was held. The company then went into camp and remained until Sunday evening. Sunday a regular routine of guard duty and camp life was carried out. The object of the camp was to familiarize the new members with their duties, peparatory to the state encampment which is to be held at Indianapolis in September, where maneuvers will be carried out in conjunction with troops of the regular army.

Arthur Wirschhing and Harry Havanar of Salem are both members of the Alliance company, but as both were out of the city they did not participate in the skirmish and camp.

## NEARBY NEWS IN BRIEF

The class work of the summer school closed at Mt. Union Thursday. The examinations were held Friday.

The big two day matinee meets in Mechanicsburg this week attracted much interest, and the races were largely attended.

"Tag Day," to be held early in September, will be one of the interesting diversions in the activities of Akron this autumn.

The Democratic senatorial convention to be held in Akron September 9 promises to be as bitter as other Democratic conventions thus far held.

Mrs. Clyde Alvis and son, Russell, aged 4 years, of West Sixth street, East Liverpool, were painfully scalded by the overturning of a kettle containing potatoes covered with boiling water.

The Nebraska Indian baseball team will play at Minerva Saturday. The team has played 102 games this season, and of that number have lost eight. They have won the last 32 games.

Wednesday was made a gala day for Ashland residents on account of the fact that cars on the new electric line between that city and Mansfield started to running on a regular schedule that morning.

## FOUND HIS PULLETS IMPRISONED IN LOG

Lisbon, Aug. 10.—While raising a shed on his farm west of here last week. John C. Atterholt came across a puzzling find and one at the same time that cleared up any idea he had about chicken thieves stealing his fowls. Some time ago he lost three young pullets and gave them up as lost or stolen. Last week as he was about to raise a log for the shed that had been used as a support for his corncrib, he saw something moving in the inside and on prying the log open found his three missing pullets, one of them dead, and the other two nearly so. They had crawled into the log at one end, drawn on by the corn that had dropped through the crack. The farther they went the more they scratched and when they came to retrace their steps the way was blocked and the chickens were imprisoned until released last week.

### Sanity Hearing Likely.

Mrs. Mike Cosgrove was placed in confinement Sunday morning by the authorities as being demented and the county officials have been notified. It is probable Judge Martin will be called upon to pass on Mrs. Cosgrove's sanity.

## THE DEATH RECORD

### Mrs. Sarah Carter.

Mrs. Isabella Dickerson of this city received word Monday morning of the death of Mrs. Sarah Carter, widow of Aaron Carter, brother of Mrs. Dickerson. Mrs. Carter was found dead on the floor by her children at her home in Pittsburg Sunday morning at 8 o'clock. Deceased is survived by four sons and two daughters. Her remains will be taken to the Dickerson graveyard in Harrison county, near Cadiz, her old home, for burial. Mrs. Dickerson will probably attend the funeral.

### Mrs. Mary Ann Cope.

Word has been received here of the death on July 11, at her home near Butlerville, Ind., of Mrs. Mary Ann Cope, formerly a resident of this city. She was 95 years and 7 months old, and lived her a number of years with a relative, Mrs. Hannah Hunt, stepmother of George D. Hunt. Her husband, Hiram Cope, died 36 years ago on the same farm where she died, they having been the only persons to die on the farm since it was entered from the government.

## SALEM WILL WAIT RESULT OF SUITS

The plans for the new sewer disposal plant have already been adopted, but as the work will not be started this year, the suits for damages by the Septic Tank Co. of New York, which are to be pushed by them against all cities using their system, will not affect Salem, although this system was to have been used in the local plant.

In the meantime before the work is actively taken up the result of the cases will be watched with interest by Salem citizens and officials, and in case the New York company's claims are allowed, some other system will have to be used and new plans drawn.

## REPORT OF NUMBER WHO WILL ATTEND WANTED

At the regular meeting of Trescott post G. A. R. tonight it is probable that a report will be made up and forwarded to Toledo as to the possible number of veterans who will attend the encampment in order to secure accommodations in plenty of time. The rate will be 50c a night for lodging, which will be furnished by excellent cots and bedding in one of the school houses or other public buildings, so that the local delegation will be all together instead of scattered all over the city.

### Humane Officer Shot Horse.

Humane Officer Johnson last week ordered Henry Venable to remove one of the horses he has been driving in his soil wagon on account of its feeble condition and on Monday went out and shot it to put it out of its misery.

The society has called Mr. Venable's attention to the general bad condition his horses are in and advised him that unless he could keep them in better order he had best abandon the work.

## PIANO SALESMAN HELD FOR EMBEZZLEMENT

Lisbon, Aug. 10.—W. L. Clemmons, a piano salesman for the W. F. Frederick Piano Co. of Pittsburg, who has been in this city for over a year and was married but a short time ago, was arrested at the instigation of that company last Saturday and a charge of embezzlement placed against him. Attorney W. S. Potts signed a bond for $700 for Mr. Clemmon, and the defendant is held to the September grand jury. The company claims that Clemmons has made collections since last December amounting to $559, which have never been turned over, while Clemmons claims that the company owes him more than that amount on back commissions.

Attorney Roger Cope and family of Beaver Falls, who have been visiting relatives and friends in Damascus for some time, arrived in Salem Monday, where they will be the guests of B. M. French and family.

## CLEVELAND CHILDREN ENJOYED AN OUTING

Alliance, Aug. 10.—Mrs. Harry Huffer and Mrs. Grace Carr of Beloit were in the city Saturday. They brought 12 Fresh Air children of Cleveland to this city, where they were met by a representative of the Outing department, who accompanied them back to Cleveland.

They were all from miserable homes, but their happy faces and white dresses little indicated the conditions under which they pass the greater part of the year.

## HORSE TAKEN WHILE OWNER WAS AT FUNERAL

Sunday afternoon, while Lewis Stratton was attending the funeral of J. D. Fountain at the Methodist church, some unknown party or parties took his horse and buggy which he had hitched in the shed at the rear of the church and used it for the rest of the day.

The rigi was later reported to have been seen in Leetonia about 4 o'clock and about 8 o'clock was found hitched in front of Albert Hayes's store. Officers watched the rig until 3 o'clock Monday morning to see whether the guilty parties would return and get it, but as they failed to put in an appearance, Officer Calladine drove the horse and buggy to Mr. Stratton's home. The animal had not been unhitched during its absence and had evidently not been fed, although Mr. Stratton says it had been watered. The authoritieis are working on a clew which it isi hoped will result in the guilty parties being apprehended.

Surreptitious horse borrowings are becoming quite frequent in this county and an example of some of the perpetrators would have a good effect.

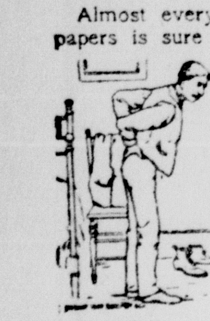
Kidney Trouble Makes You Miserable.



Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

## THE ILLINOIS STATE PRIMARY

The Returns from the Election Held Saturday are Slow.

Chicago, Aug. 10.—Illinois Democratic ticket: Indorsed for United States senator—Lawrence B. Stringer.

Nominated for Governor—Adlai E Stevenson.

Lieut. Governor—E. A. Perry.
Secretary of State—X. F. Beidler.
Auditor—Ralph Jeffris.
Treasurer—J. B. Mount.
Attorney General—R. C. Hall.
Republican state ticket:
Indorsed for United States senator—Albert J. Hopkins or George E Foss.
Governor—Charles S. Deneen (returns incomplete).
Lieut. Governor—J. G. Oglesby or F. L. Smith.
Secretary of State—James A. Rose.
Auditor—J. S. McCullough.
Treasurer—Andrew Russell.
Attorney General — William H Stead.

The result of Saturday's primary election as far as it is accurately known in regard to the state officers, is given in the foregoing lists.

Never since political returns were carried by messengers on foot, by ox teams and canal boats have definite figures been so greatly delayed on any Illinois voting as in the primaries held Saturday.

Twenty-four hours after the polls closed it was impossible to give accurate returns on the vote for senatorial indorsement, or the gubernatorial nomination on the Republican ticket. The vote was so close and the returns so scanty that accurate statements in relation to these two contests are impossible.

Returns on the Democratic ticket were even more slow than those on the Republican candidates. They, however, seemed to run in one direction so that an estimate of the result was possible.

## CANNOT BE DEPORTED.

Gen. Wardwell's Wife, a Victim of Leprosy, Becomes Insane and Is Chained to a Bedpost.

Washington, Aug. 10.—Though virtually a part of the United States, the leper colony on Molokai Island cannot recruit its death-marked population from this country. It is this fact that makes it impossible for government officials to comply with the request of the territorial authorities of Arizona for the deportation of aged Mrs. Gen. Wardwell, whom the terrible disease has claimed for its victim.

The leper settlement at Molokai is strictly a territorial enterprise, maintained by the Hawaiian Islands. There exists neither law nor precedent to warrant the removal of a leper from any state or territory to the settlement.

Mrs. Wardwell's case is an unusually pathetic one. Doomed in her declining years to live an outcast from society and to endure a living death, her mind has given way and she has gone violently mad. Closely quarantined in a lonely spot near Tombstone, her isolation is made double secure, for she is kept shackled to a bedpost. To make the case more sad, if possible, her husband, who is 86 years, is very weak as the result of an operation for cancer and unable to minister to the needs of his afflicted mate. With a devotion that challenges the admiration of all mankind, this noble old man insists on remaining with his wife until they are finally parted by death.

It is hardly likely that they will ever leave Tombstone. Mrs. Wardwell has a brother named Albert Cole, now serving a term of six years in prison in Arizona. Gov. Kibbey will be petitioned to pardon him in order that he may care for the afflicted pair.

### Campaign Fund Grows Slowly.

Chicago, Aug. 10.—Ways and means of financing the Democratic national campaign were discussed Sunday at a meeting of Chairman Mack of the national committee, Gov. Haskell of Oklahoma, treasurer of the committee; Col. Wetmore of St. Louis, chairman of the finance committee, and Millard F. Dunlap, of Illinois, formerly treasurer of the national committee. No definite decision was reached. Gov. Haskell said: "I have made no appeals for money, but have already received $19,000 which came unsolicited."

### Dover Resigns as Secretary.

New York, Aug. 10.—Elmer E. Dover of Ohio has resigned his position as secretary of the Republican national committee and will become the secretary of an advisory committee which is to work with George R. Sheldon, treasurer of the national committee. William Hayward of Nebraska City, Neb., who has been Republican chairman in his state for a number of years, has been appointed secretary of the national committee and will be given charge of the western headquarters at Chicago in the absence of Mr. Hitchcock.

### Tribesmen Hold Shah a Prisoner.

St. Petersburg, Aug. 10.—Dispatches received here from Teheran give a tragic-comic description of the position of the shah of Persia, who is virtually a prisoner in the hands of wild tribesmen summoned to Teheran to protect the throne against the revolutionaries, but who have become a greater menace to the monarch than his other foes. The tribesmen are extravagant in their demands for money which the shah is unable to grant, and they threaten to destroy the palace and pillage Teheran.

# STRIKERS FIRE INTO A TRAIN

THREE MEN ARE KILLED AND 11 OTHERS INJURED BY FUSILLADE.

## A GRIM TRAGEDY IN ALABAMA.

A Special Train Carrying Strike Breakers to the Blocton Mines was Made a Target for Bullets.

Birmingham, Ala., Aug. 10.—Three men were instantly killed and 11 injured, two of whom will probably die, when striking miners fired into a passenger train on the Birmingham Mineral railroad at Blocton early Sunday morning. The dead:

Conductor Joseph T. Collins.
O. Z. Dent, deputy sheriff.
Willard Howell, non-union miner.

The train was a special bearing nonunion men to the Blocton mines under guard of soldiers and deputies. On the outskirts of the town the engineer suddenly saw a log across the track, and at once a fusillade was fired into the train. The engineer did not stop, but let the cowcatcher throw the log from the track and put on full speed. The place where the attack was made was in a cut, the ground being on a level with the lower part of the windows. The assailants behind the rocks above poured down a murderous fire directly into the windows and at the engineer.

Practically every window in the train was broken and shots struck all parts of the engine and cab. The train proceeded to Blocton and the dead and injured were returned to Birmingham. Dogs were hurried to the scene and took trails through the woods directly to the union quarters. Eight negroes were arrested and other arrests are expected.

Conductor Collins came here from Washington, D. C., four years ago.

Gov. Comer held a hurried conference with Lieut. Col. Hubbard, commanding the militia, Sunday morning and another company was hurried to Blocton. All is reported quiet there now.

The trouble has caused widespread indignation, and a general demand is being made that more vigorous steps be taken looking to the preservation of order.

### Killed Woman and Shot Himself.

New York, Aug. 10.—Mrs. Bertha Hood, 32 years old, was shot and instantly killed at her home in Brooklyn last night by Ernest Seitz, 24 years old, of Manhattan. Seitz also shot and seriously wounded the year-and-a-half old daughter of Mrs. Hood and then turned the revolver on himself, inflicting a probably fatal wound.

### Was Caught by a Decoy Letter.

Harrisburg, Pa., Aug. 10.—J. I. Holly of Harrisburg, a railway mail clerk, was arrested here Saturday night and placed under $1,000 bail, charged with robbing the mails. Marked money was found on him and identified as having been sent out in a decoy letter.

### A Disastrous Storm.

Szegedin, Austria, Aug. 10.—The thunderstorm which passed over this place Saturday and during which a large factory collapsed, burying a number of workmen, caused damage to every house in town. The only loss of life, however, occurred in a hemp factory in course of construction. A tall chimney which had just been erected fell on a partially built house, on which a hundred workmen were employed. Many were caught by the falling masonry and buried. Thus far seven dead and 13 wounded have been taken out.

### Fancy Dress Nuptials.

Each season sees the wedding ceremony becoming more and more of a theatrical pageant, until nowadays the only one of the protagonists who appears in "the character of an English gentleman" is the bridegroom. Bride and bridesmaids run riot in mediaeval robes, directoire fantasies, and even in the sandals, wreaths, and chitons of ancient Hellas, while the unfortunate small boys who officiate are dressed in any fearful and degrading fashion that may happen to please their maternal parents. Needless to say, these urchins "feel their position acutely," and will possibly take their revenge later on by eschewing matrimony altogether, or by forcing their brides to be married—from a taxicab—at a registrar's office.—London Sketch.

### To Be Successful—

Stop saying that fate is against you. Going about with a gloomy look on your face, fault-finding, nagging and worrying; taking offense where none is intended; boasting of what you can do instead of doing it; talking continually about yourself and your affairs; saying unkind things about others; writing letters when angry instead of waiting until you have cooled down and thought matters over; thinking of yourself instead of doing for and thinking of others; belittling those whom you envy because you feel that they are really superior to yourself; gazing idly into the future and dreaming instead of making the most of the present.

## POLICEMEN ARE MURDERE

Two Methuen (Mass.) Officers Beaten to Death by Parties Unknown.

Methuen, Mass., Aug. 10.—Covered with bruises indicating that they had been beaten to death in the performance of their duties, the bodies of Charles H. Emerson and Frank McDermott, members of the Methuen police department, were found Sunday on the outskirts of this town after a search of several hours. The two officers were sent out Saturday night in an effort to catch marauders who for some time past have been robbing chicken yards and vegetable gardens. When the officers failed to report for duty Sunday morning Chief of Police Jones organized searching parties. Late in the afternoon the bodies of the two officers were found lying half concealed in some bushes in a peat meadow.

McDermott's head was crushed in and there were many ugly bruises on the bodies of both, indicating that both officers were beaten to death by some blunt implements, presumably two blood-stained stones which were found near by. The bushes were spattered with blood and trampled, evidently by a struggle.

It is thought that while the two officers followed the man or men they suspected of thieving, they were attacked from the bushes. Two large rocks, well aimed and thrown from behind at a short distance, it is believed, knocked down the officers. As they tried to rise to their feet they were set upon with clubs and beaten to death.

## THAW'S LATEST STATEMENT.

Tells of Huge Sums Paid to Various Lawyers Who Defended Him.

Poughkeepsie, N. Y., Aug. 10.—From his cell in the county jail here Harry K. Thaw on Sunday night gave out the following statement concerning the claims filed against him by various lawyers, which, he asserts, forced him into bankruptcy:

"In this morning's papers I read that Mr. O'Reilly makes a claim for more money. That is a matter for ex-Gov. Stone, my counsel in Pittsburg, to take charge of.

"The sums already expended and the names of the lawyers and others to whom I paid the money were clearly stated in the newspapers. There is only this much to add: Besides the heavy total of about $417,500 that I paid out myself, my mother gave $47,500 additional to Mr. Hartridge, making $105,000 received by his firm prior to April 16, 1907.

"My mother also made a present of $25,000 to Mr. Delmas. This made, with his actual fee paid by me, $50,000 in all that he received for his able services. Mr. Delmas' bill for expenses was less than $1,000."

### Milking Cow Starts Fight.

Newton, Mass., Aug. 8.—The alleged action of an Italian boy in milking a neighbor's cow Friday night started a battle which culminated in the shooting of the boy and his mother. The victims are Mrs. Dominic Caponi and her son Frank, who is accused of milking Tony Ombrelos cow. Ombrelo and his brother Pasquale are under $10,000 bail each on a charge of assault with intent to kill. Mrs. Caponi and the boy, the doctors say, will recover.

### "Stage" Money Under Ban.

Washington, Aug. 8.—Chief Wilkie of the secret service proposes to test the law in relation to the right of persons to make "stage" money such as is freely sold in the form of a roll of $100 bills. A case in which one of these $100 bills has been passed as lawful money has come to the attention of the secret service and Chief Wilkie believes the issuance of such "stage" money will be adjudged unlawful when a test case is made against one of its manufacturers.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

### Flat Iron Strikes Boy.

New York, Aug. 8.—A woman ironing on the second floor of a tenement house at Passaic, N. J., Friday accidentally let a flat iron drop and it bounded out of a window. In its flight to the ground it struck the head of Joseph Rendzio, eight-years-old, who was playing in the street. His skull was fractured and he will probably die.

### Charged With Making False Entries.

New York, Aug. 8.—Another indictment against Charles W. Morse and A. H. Curtis was rendered by the federal grand jury here Friday. They are charged with making false entries in the books of the National Bank of North America. Their old bonds stand in this case, and arguments will be heard September 5.

A proposition shall be submitted to the electors of this state at the next election for members of the general assembly, to amend the constitution of the state of Ohio so that sections 18 to 32, both inclusive, of article II, shall respectively be numbered as sections 19 to 33; and sections 16 and 18 of such article be so amended as to read as follows:

ARTICLE II.

If two-thirds of the members elected to that house then agree to repass the bill, it shall be sent, with the objections of the governor, to the other house which may also reconsider the vote on its passage. If two-thirds of the members elected to that house then agree to repass it, it shall become a law, notwithstanding the objections of the governor. There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. # NINE LIVES LOST IN CRASH AT SEA

## SCHOOL SHIP RUNS DOWN AN AMERICAN FISHING SCHOONER.

## LATTER'S CREW ARE VICTIMS.

### Four of the Schooner's Crew Were Rescued—Steel Prow of the School Ship Almost Cut the Fishing Vessel in Two.

Halifax, Aug. 10.—The Gloucester (Mass.) fishing schooner Maggie and May, Capt. Eric McCarthran, was run down and sunk by the German school ship Freya, Capt. Haas, 60 miles southeast of Halifax at 11:30 p. m. on Saturday, and Capt. McCathran and eight of the crew of the schooner were drowned. Four men were rescued. At the time of the collision a dense fog prevailed.

The warship was going about eight knots an hour at the time of the accident. When the schooner was sighted the course of the ship was altered as quickly as possible, but a collision could not be averted. With a crash the steel prow of the Freya crashed into the side of the fishing vessel, cutting her almost in two.

It is believed that many of the fishermen were instantly killed in their bunks, as few were seen struggling in the waters after the collision. The warship's boats were quickly launched and life lines were thrown to the men in the water. Three of them were picked up, while a fourth clung to the life line and was hauled aboard.

The Freya cruised around for several hours with the hope of rescuing others of the crew who it was thought might be clinging to floating wreckage, but none were found. The school ship remained in the vicinity of the collision until early Sunday morning. She then headed for Halifax, where she arrived last evening.

The Freya was not damaged.

### Train Kills Two Young Men.

Indianapolis, Aug. 10.—More than a score of men and women stood on the banks of White river, seven miles from Indianapolis, Sunday and watched Hubert Staley, 17 years old, and John Weston, 19, run a race with death for 200 feet across the Monon railroad bridge. The race was a losing one for the young men, before they had reached the end of the structure, were hurled to death by a passenger train. A companion of the boys, Herbert Jenkins, reached the end of the bridge a few seconds ahead of the speeding train.

### Was Plucky, Yet Failed.

Dover, Eng., Aug. 10.—In an attempt to swim the English channel James Mearns, the Scottish champion, showed a determination to attain his object that nearly cost him his life. Leaving the English coast Saturday night he was within three miles of France, after having been in the water 14 hours. Although he was advised to give up the effort, Mearns labored until he became so exhausted that one of his attendants aboard a tug had to jump into the water and support the swimmer until he could be rescued.

### Candidates for the Ministry Are Few.

Steubenville, O., Aug. 10.—"There are not enough candidates for the ministry entering Allegheny and Xenia theological seminaries this year to equal the number the United Presbyterian church will lose by death during the year." Rev. Jesse Johnston of the Xenia seminary faculty, made this statement Sunday in the pulpit of the local United Presbyterian church.

**S.S.S. BEST TREATMENT FOR CATARRH**

The entire inner portion of our bodies is covered with a soft, delicate lining called mucous membrane; this is kept in healthy condition by the nourishment and vital vigor it receives from the blood. So long as the circulation remains pure this membrane will be healthy, but when the blood becomes infected with catarrhal impurities and poisons this inner lining of the body becomes irritated and diseased, and the unpleasant and serious symptoms of Catarrh commence. There is a tight, stuffy feeling in the nose, watery eyes, buzzing noises in the ears, often slight deafness, difficult breathing, etc. The disease cannot be reached by external treatment, though such measures afford temporary relief in some instances. S. S. S. cures Catarrh by cleansing the blood of all impurities and poisons. Then as rich, pure blood circulates through the body, the inflamed, irritated membranes heal, the discharge ceases, headaches are relieved and every symptom disappears. Catarrh, being a disease in which the entire blood circulation is affected, can only be cured by a remedy that goes to the very bottom and removes every particle of the impurity from the blood, and this is just what S. S. S. does. Book on Catarrh and any medical advice free to all who write.

Most of her paintings were exhibited throughout Europe and in New York, and it is a pleasure for her to exhibit her works in the native town of her husband.
